

~ ~

***Cup and Large Figure Trophies  
on Genuine Black Marble Base***

***This PDF catalog is fully searchable with the PDF reader tools  
that should display with this page.***

***You can search by description, sport, item code.  
You can use the page arrows or mouse scroll wheel to browse each item.  
You can adjust the page size tools to fit your monitor.***

***The catalog can be saved for offline viewing but availability, pricing and  
other information may be changed at any time and should be verified  
with the current online version before ordering.***

***Last updated February 28, 2010***

***Genuine Black Marble Trophies.***

***These are thick heavy marble.***

***The veining in this natural marble will vary from almost solid black to wide bands of white. There may also be fine veins of white which resemble cracks but are not. If you don't like the variations a natural product can have, you may want to choose the faux marble bases which are more consistent in the marble pattern.***

***Figures and cups are metal or plastic as described on each item page and end of the product code.***

***RPF - Regular Size Plastic Figure, average size 5-6"***

***LPF - Large Plastic Figure, average size 8.5"***

***RMF - Regular Size Metal Figure, average size 5-5"***

***LMF - Large Metal Figure, average size 7-9"***

***Most of these trophies can be customized with the figure of your choice. View figures at: <http://trophiesinc.com/figures/>  
There is a link above most photos to view a larger image.  
If you have a second browser window open it should display there instead of having to go back and reload the page.***
